Hopeful Aging

BENJAMIN ROSE INSTITUTE ON AGING

MAKING CONNECTIONS THROUGH MUSIC℠

Do you love music?

We are looking for compassionate volunteers who are interested in helping others through music. By volunteering with this program, you can enhance the quality of life and well-being of individuals living with dementia.

ABOUT THE STUDY

We are studying how older adult volunteers can lead a group music program for persons living with dementia in assisted living and nursing homes. As a volunteer, you will complete a training course and guide the group activity one-to-two times per week for six weeks. No experience needed, just a love for music and connection!

TRAINING

Volunteers will complete an online training course to learn how to facilitate the music sessions and gain knowledge about dementia! Afterwards, you will be asked about what you have learned and give feedback that will help make improvements to the program. A stipend is available for your feedback!

TIME COMMITMENT:	Three Hour Online Training	One, 90 Minute Session Once Per Week	Six Weeks

ELIGIBILITY: individuals 55 and older who are willing to volunteer in a group setting at an assisted living or nursing home. Must have access to email.
